

Dear Agent,

June 2022

The University of Chicago Press – [Journals Division](#) is pleased to announce our [rates](#) and subscription policies for 2023. Rates are effective with subscriptions that begin with 2023 issues. 2022 rates remain in effect for subscriptions that begin with 2022 issues through December 31, 2022. All subscriptions received by us after December 31, 2022 carry 2023 rates regardless of the start issue. Please review our Journals rate list to check the 2023 start issue for each of our titles. This letter also applies to subscription orders for [The Chicago Manual of Style Online](#), and [Scientific Style and Format Online](#). Pricing for [CMOS](#) and [SSF](#) for 2023 are also now available at their respective sites.

### **Agency Commission:**

The Journals Division offers a 2.5% commission to subscription agents on the subscription rate. There is no commission on postage. Orders must clearly state the title, or Chicago PUB Code, start volume/issue, the version, the level of access, and complete end-user data. The commission is forfeited where this data is missing. The Press encourages automated submission of orders and claims from subscription agents and offers a higher commission to those agencies that qualify. If your agency wishes to qualify for the higher commission, *you must reach out to request approval*. Orders submitted at a commission higher than 2.5% where approval was not sought or was denied will be billed for the balances. **To request approval for a commission higher than 2.5%, or for a commission increase from 2022, please contact us at [subscriptions@press.uchicago.edu](mailto:subscriptions@press.uchicago.edu). We will review your request and notify you of our decision in due course.**

### **Order Submissions:**

Order submissions should always include the full journal title or Chicago's three-character PUB code (four characters for combination subscriptions), version (PO, PE, EO), or (FPE or FEO for full-run access), tier level (if electronic), and the requested start volume and issue number. For example, a full run EO subscription to *Signs* could be shown as SIGFEO in the order file. **Please consult our rate sheet for this information.**

**All** subscription orders, including subscriptions delivered to a consolidation center, must include a complete postal mailing address of the **end-user**. Librarian contact information, including name and email address, is required for order processing and the resolution of customer service claims.

### **Pricing and Formats:**

All 2023 prices are for one-year except where noted. Partial year subscriptions are not accepted without prior approval from the Press. The [rate sheet](#) also specifies if a title is **Rolling** or **Forced**. A Rolling title subscription can begin with any issue in the volume while Forced title subscriptions must start with the first issue in the calendar-year. Institutional subscriptions are available in three formats: Electronic Only (EO), Print + Electronic (PE), and Print-Only (PO). Please refer to the 2023 rates for the available subscription options for each journal. Note that some titles do not include a PO rate.

Chicago's tiered pricing structure takes research output as the key criterion and is based on the Carnegie Classification system in the United States and comparable classification systems in other countries. In cases where a subscription includes access to multiple locations, covers distance learning programs, or in other circumstances, Chicago may impose a surcharge.

To check the classification of an institutional subscriber, please contact [subscriptions@press.uchicago.edu](mailto:subscriptions@press.uchicago.edu). Note that orders submitted at incorrect rates will be billed for the difference.

- Orders with ship-to addresses in California will be charged local sales tax, except for subscriptions that include four or more issues in one twelve-month period.
- Orders with ship-to addresses in the state of Washington will be charged local sales tax unless your institution is exempt or the tax is paid by your agent.
- Online-Only orders for institutions in the European Union may be subject to the VAT.

### **Shipping**

Except where noted, all print copies of our journals are shipped to subscribers outside the United States via air delivery, then placed into the local mail stream. Shipping within the U.S. is via the United States Postal Service or UPS.

### **Renewal Notices**

No renewal notices are sent to institutions that subscribe through agencies prior to receipt of agency orders. However, Complete Chicago Package (CCP) customers ARE notified of content and pricing changes when such information becomes available. After agency orders are received in December, renewal notices for any institutions not included with the orders are sent to the institution, not the agency.

## **Cancellation and Format Adjustments**

Institutional subscription orders are regarded as final and may not be cancelled after the start of the subscription term. Partial refunds will not be given for format adjustments after the subscription has begun.

## **Perpetual Access**

The Press provides post-cancellation access for institutional subscribers to born-digital issues of journals published during the term of the subscription. Post-cancellation access does not apply to issues that were published prior to the term of the subscription, whether born-digital or published in print only and digitized later. Retroactive access to these issues may be provided to institutional subscribers as a benefit of an active subscription.

Please visit <http://www.journals.uchicago.edu/t-and-c> to review our full post-cancellation access policy. To request post-cancellation access, contact [journalsupport@press.uchicago.edu](mailto:journalsupport@press.uchicago.edu).

## **Individual Subscriptions**

Individual rates are applicable only when a subscription is for individual use and when delivery is made directly to the end user. The University of Chicago Press does not accept third-party orders at the individual rate for U.S. customers. All agency orders for US customers must be placed at institutional rates. There is no agency commission on individual subscriptions.

## **Claims for Missing Print Issues**

Claims requests for replacement copies due to non-receipt must arrive within three months of publication date or date of order (whichever is later) for US orders or within six months of publication date or date of order (whichever is later) for non-US orders. In all other cases, the single-copy price will be charged for replacing an issue. Claims requests on orders submitted via EDI must also be submitted via EDI. Claims should include account/reference number, exact journal volume and issue number, shipping address and end-user information. Failure to provide these details may delay processing.

We recognize that some agents cannot submit claims via EDI. In those cases, we will accept SINGLE one-off claims via email to [agencyclaims@press.uchicago.edu](mailto:agencyclaims@press.uchicago.edu). However, claims for multiple missing issues must be submitted via spreadsheet.
